

First-Year Online Courses Briefing

Welcome Note

Welcome to your first year of study at Kaimosi Friends University (KAFU). This briefing introduces you to the five online courses you will undertake across Semester One and Semester Two. The courses are delivered through the University's e-learning platform:

 <https://elearning.kafu.ac.ke>

For any technical assistance with e-learning, kindly contact:

 Ms. Mercy Bonareri

 Email: mbonareri@kafu.ac.ke

Semester One Courses

COS 100: Communication Skills

- Develops oral and written communication skills essential for academic and professional life.

ESM 101: Quantitative Skills I

- Introduces foundational mathematics and statistics.

BIT 113: Fundamentals of Computing

- Covers computer systems and applications.

Semester Two Courses

DEM 100: HIV and AIDS

- Examines the health, social, and cultural dimensions of HIV and AIDS.

ESM 104: Quantitative Skills II

- Builds on Quantitative Skills I with advanced methods.

Expectations for Online Learning

-  Access the Portal: Log in regularly via <https://elearning.kafu.ac.ke>
-  Engage Actively: Participate in discussions and assessments
-  Manage Time: Dedicate study hours weekly
-  Stay Connected: Use reliable internet and devices
-  Seek Support: Contact lecturers or Ms. Mercy Bonareri for help

Closing Note

These courses are designed to build your communication, computing, quantitative, and life skills, forming the foundation of your academic and professional journey. Approach them with discipline, curiosity, and commitment.
